Training LaTeX for critical edition with Overleaf - preliminary instruction

Maïeul Rouquette

1. Create an account on `https://www.overleaf.com/`

2. After having been logged, follow this link `https://www.overleaf.com/read/pjphxxzpzjms`

3. Then, click "Menu" on the left side

4. In the deployed menu, click on "Copy Project"

5. Give a name to your project, and validate the copy

6. Store someone the new url (internet address) of your project, to come back easily during the training session
